

# Waterproof USB

## Series

Waterproof USB2.0/USB3.0/type-C/Micro-USB

Molded type and panel mount type.

Cable can be customized

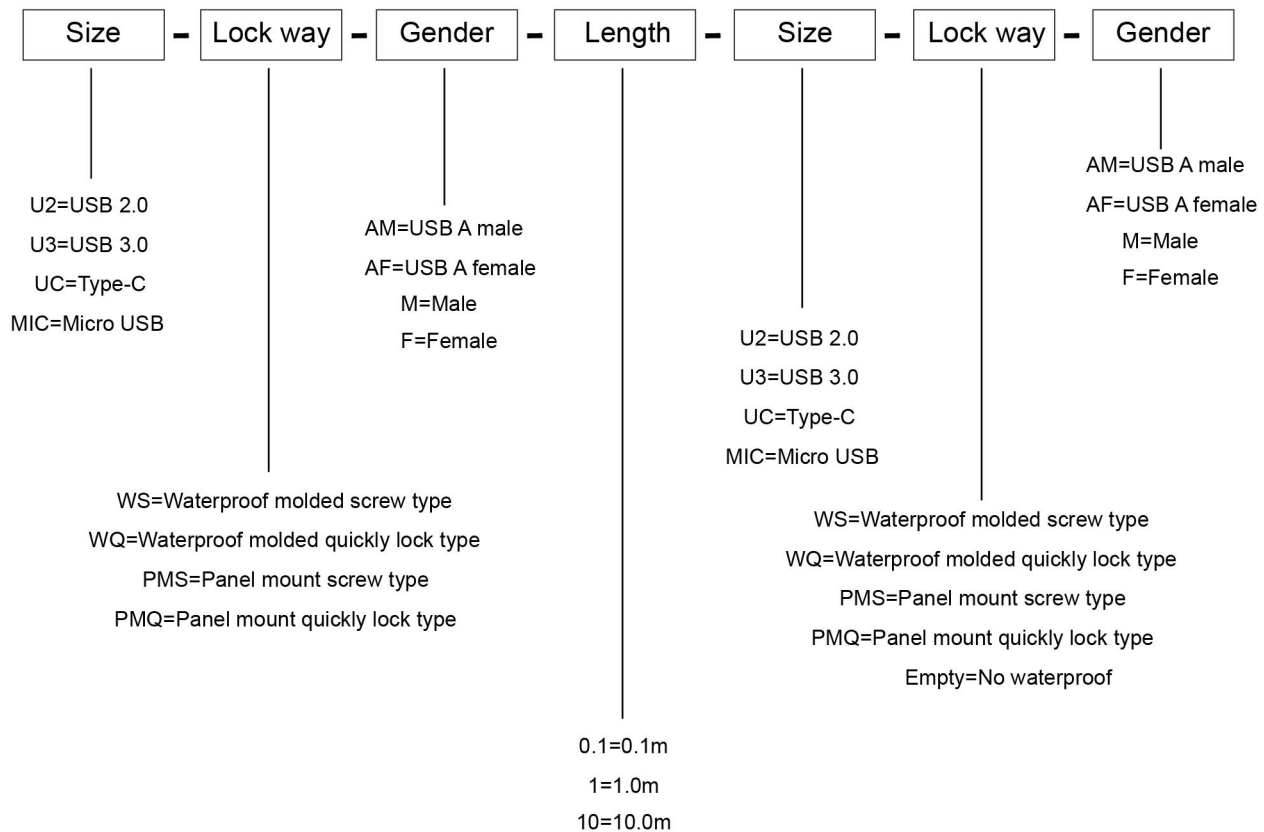

Quickly lock or screw lock contact way.

Rear/front panel mount, panel mount with wire

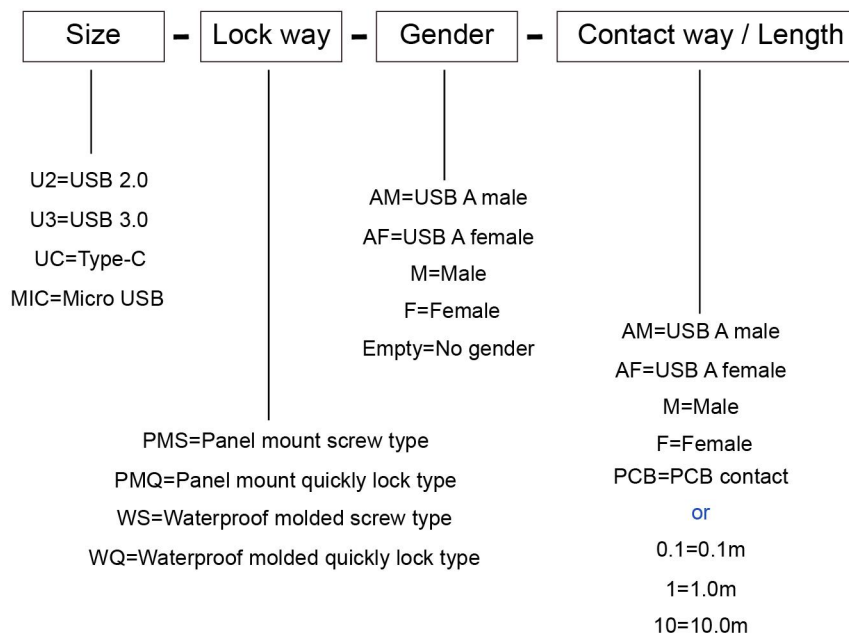

- Independent socket design, easy to install and operate
- Achieve double-headed male to female adapter, snap locking, ensure safe and stable
- Solid connections system can provide the solutions for data transmission in harsh environments

## Technical Date

Cable specification	0.15m m~0.2m m' /26-24 AWG	
Diameter range	5.5mm ~7mm	
Contact diameter x number	9(USB3.0)	4(USB2.0)
Rated Current (A)	1.5(A)	
Contact resistance	<30mQ	
Withstanding Voltage (AC.V) 1 minute	1000v	
Insulation resistance	>500MQ	
Protection level	IP67	
Durability	>500 times	
Working temperature	-40℃~80℃	
Connecting mode	Quickly bayonet connect / Screw lock way	
Housing, the insulating parts	High-performance engineering plastics	
Hardware	Zinc Alloy (pearl hard chrome)	
Copper needles	Copper Shell	
Waterproof circle	Silica gel	
Flammability rating	UL94-V0
